*THE PLANNING DEPARTMENT WILL NOT ACCEPT INCOMPLETE APPLICATIONS.*

A variance is a method by which a property owner receives permission to vary from the development standards established in the Zoning Ordinance governing such matters as building location, building dimensions, setback requirements, placement and quantity of parking, landscaping, signage, and other features included in site design. Please describe your variance request. Variance from requirement that off-street parking areas be surfaced with asphalt, concrete, masonry or other solid paving materials, on a temporary basis, until property can be paved in approximately 18-24 months.

Applicable Section(s) of the Zoning Ordinance 23-040-04, 23-040-06

Please describe the proposed work to be done on the property. Cover full surface area of the property with Crusher Run gravel to facilitate parking for vehicles being serviced by tenant of the property, Moses GMC of Charleston, until such time as property owner paves the lot, estimated to occur within 18-24 months.

**IMPORTANT:** According to Section 8A of the Code of the State of West Virginia and Section 29-040 of the City of Charleston's Zoning Ordinance, the Board of Zoning Appeals may grant a variance if and only if **ALL** of the following four criteria can be satisfied:

- 1.) The variance, if granted, will not adversely affect the public health, safety and welfare or the rights of adjacent property owners or residents; and,
- 2.) The variance arises from special conditions or attributes which pertain to the property for which a variance is being sought and which were not created by the person or entity seeking the variance; and,
- 3.) The variance, if granted, would eliminate an unnecessary hardship and permit a reasonable use of the land; and,
- 4.) The variance, if granted, will allow the intent of the Zoning Ordinance to be observed and substantial justice done.

1.) If granted, your variance must not adversely affect the public health, safety and welfare or the rights of adjacent property owners or residents. For example, public safety cannot be compromised by limiting access for emergency vehicles, and neighboring property owners must not be hindered in the use their properties in any manner permitted in the Zoning Ordinance. If your variance request is granted, how will others in the area be affected? **Others in the area will not be affected by the granting of the proposed variance.**

2.) Your request must arise from special conditions or attributes which pertain to the subject property and which you did not create. The size, shape and topography of your lot are examples of the physical conditions which may satisfy this criterion. In comparison with other properties in the vicinity and under the same zoning regulations, what is unusual or different about the subject property? **The subject property is commercially-owned, vacant land immediately adjacent to service facility of the property owner's tenant.**

---

---

---

---

---

---

3.) **An unnecessary hardship is neither personal nor financial in nature.** In this application, an unnecessary hardship is a problem created by some feature of the land which prevents the owner from making reasonable use of the property as permitted by the Zoning Ordinance. The following three questions help to determine if there is an unnecessary hardship with regard to your property.

Without a variance, are you deprived of all beneficial use of your land? **Yes. Without the proposed gravelling of the property, the owner's tenant is deprived of the beneficial use of the property.**

---

---

---

---

Is your situation due to unique circumstances that are not shared by other land in the district? **Yes. The subject property is commercially-owned, vacant land immediately adjacent to service facility of the property owner's tenant.**

---

---

---

---

Would approval of your variance request alter the essential character of the surrounding neighborhood or community? **No.**

---

---

---

4.) The general purpose and intent of the Zoning Ordinance of the City of Charleston is to protect and promote the public health, safety, convenience, morals and general welfare. For more specific information in regard to the scope and intent of the Zoning Ordinance, please see Section 1-020 as well as the section from which you are requesting this variance. Will approval of the variance allow the intent of the Zoning Ordinance to be observed?

---

---

**Yes**

---

Substantial justice is the idea that a standard of fairness has been satisfied according to the substance of the law. Does your variance request represent the least deviation from the Zoning Ordinance necessary to achieve an outcome that is fair to both you and to your community? Yes

I hereby affirm that all of the statements and information contained in or filed with this application are true and correct to the best of my knowledge.
